The Organization

TexProtects was founded in 2000 as the Dallas-based Child Abuse Prevention Advocacy Commission (CAPAC) to address the critical need for reform in Dallas County's Child Protective Services (CPS). Though the organization has evolved since its founding, eventually becoming today's TexProtects, it consistently utilizes a multifaceted, evidence-based approach to bring awareness to issues surrounding CPS reform, organizing voices speaking to the needs of children at risk of abuse, and aims to activate the most powerful and effective constituency to advocate for change in these issues. Furthermore, TexProtects utilizes short-term solutions to meet the immediate needs of at-risk children, their families and communities while also championing long-term reform by devising scalable and innovative solutions. Ultimately, TexProtects' goal is to create broad, systematic change via major public policy innovations of child protection systems and to leverage private and public funding to scale high-impact prevention solutions. TexProtects' Mission

TexProtects protects Texas children from the trauma of abuse and neglect and empowers families to thrive through education, research, and advocacy. TexProtects effects change by organizing and educating its members to advocate for increased investments in evidence-based child abuse prevention programs, CPS reforms, and treatment programs to heal abuse victims.

TexProtects focuses predominately on five issue areas across the child protection continuum: child abuse prevention; CPS system and workforce; family preservation; foster care; and transition support for foster youth.

Impact and Collaboration

Recognizing the limitations of a single organization, TexProtects has consistently positioned itself as a coalition-builder and collaborator to advocate on behalf of outcomes for children. Over the last 18 years and 9 legislative sessions, TexProtects has assisted and/or led the passage of 51 bills that have improved the CPS system and fought for and secured over \$166 million for family support home visitation programs that currently serve over 20,000 Texas families. The legislative accomplishments have been achieved with support from many of our collaborative partnerships, which is a core pillar to our work.

As examples, in 2007, TexProtects initiated and led the passage of Texas' Nurse-Family Partnership Act, which secured funding for eight partnership sites across the state with partners who administer the program. In every subsequent legislative session, TexProtects has led the expansion of Nurse-Family Partnership (NFP). The following year, the Child Protection Roundtable (CPRT) was established to convene statewide research experts, advocates, and program providers from over 50 organizations with child protection expertise to advocate with one voice. Governed by a Steering Committee of member organizations, the CPRT meets monthly to exchange best practices information, share research projects and data, and determine its legislative agenda to advance reforms in line with prevention, reform, and healing for victims. Similarly, by 2012, leaders at TexProtects formed the Texas Home Visiting Coalition, whose efforts led to the establishment and funding of the Texas Home Visiting Program through the state legislature.

Today, TexProtects is an autonomous, nonpartisan data-driven think tank and advocacy organization designed to educate decision makers, private funders, and the public at large. It remains the only Texas organization dedicated to the main issues of protection, prevention, and the healing of abused and neglected children. Additionally, in 2017, TexProtects absorbed the operations of Prevent Child Abuse Texas.

We are looking for self-motivated and purpose-driven individuals to join our collaborative, positive, fast-paced, flexible, and innovative culture!
